

Farm Property Class Tax Rate Program

Farm Tax Program transitions from OMAFRA to Agricorp

The Farm Property Class Tax Rate Program (Farm Tax Program) is one of the ways the province of Ontario supports agriculture. Through the program, eligible farmland owners receive a reduced property tax rate. Beginning on February 25, 2019, program inquiries can be directed to **Agricorp** at: 1-888-247-4999 or by email at: contact@agricorp.com. Any Farm Tax inquiries to OMAFRA's Agricultural Information Contact Centre will be routed appropriately.

OMAFRA and Agricorp are committed to ensuring a seamless transition of the Farm Tax Program.

Minimize Your Property Taxes

As a farmland owner in Ontario, you may be eligible to apply for a property tax reduction through the Farm Property Class Tax Rate Program.

As an eligible applicant under the program:

- Your farm residence and one acre of surrounding land will be taxed at your municipality's residential tax rate
- The remainder of the farm assessment on the property will be taxed at 25% of the residential tax rate

Farm properties that do not qualify under the program will be taxed at the residential rate.
