Dear Mr. Jones:

**Re: Draft Zoning By-law Amendment
Prnk – Pt Lot 8, Concession 2
8355 Line 2
Restrict Agricultural Land from Future Residential/oversized shed and barn**

PLANNING OPINION

The zoning amendment is required as a condition of provisional consent (B16/12) by the Wellington County Land Division Committee. We have no objections to implementing this decision. Both the PPS and County Plan provide for surplus farm dwelling severances, provided the agricultural lands are rezoned to prohibit future residential dwellings. The intention of this policy is to allow farmers to reduce their costs of acquiring additional farm parcels where the impact on existing and future farm operations can be kept to a minimum.

The by-law will also address the drive sheds on the residential parcel. It is not unusual to maintain an existing implement shed for storage as a result of a severance. In this case the applicants are requesting to keep two drive sheds with a combined floor area of 4072 sq.ft. (3072 sq.ft. and 1200 sq.ft. each). Council should be satisfied that the accessory buildings are intended for personal use and not for commercial purposes.

SUBJECT LAND

The subject land is legally described as Part of Lot 8 Concession 2 and has a civic address of 8355 Line 2. The land is approximately 42.3 ha (104.6 acres) in size and is occupied by a dwelling and two drive sheds.

PURPOSE

The purpose of the amendment is to rezone the subject lands to restrict any future residential development on the agricultural portion of the property and to address the oversized sheds on the residential portion of the subject lands. This rezoning is a condition of severance application B16/12, that was granted provisional approval by the Wellington County Land Division Committee in April 2012. The consent will sever the existing farm dwelling and sheds (1.5 ha (3.8 acres) from the remainder of the agricultural parcel (40.8 ha (100.8 acres). The property is currently zoned Agricultural.

PROVINCIAL POLICY STATEMENT (PPS)

The subject property is considered to be within a PRIME AGRICULTURAL area. Section 2.3.4.1(c) of the PPS provides consideration for the severance of a surplus residence, provided that new residential dwellings are prohibited on the remnant parcel of farmland.

WELLINGTON COUNTY OFFICIAL PLAN

The subject lands are designated PRIME AGRICULTURE. This application is required as a result of a severance application. Section 10.3.4 of the Official Plan implements the PPS and requires that the remnant parcel be rezoned to prohibit dwellings.

Section 10.3.4 of the Official Plan states:

“A severance may be considered for an existing residence that is surplus to a farming operation as a result of farm consolidation, provided that:

- a) The remaining vacant farmland is large enough to function as a significant part of the overall farm unit; and
- b) The result of removing the surplus dwelling from the farm does not render the remaining farmlands difficult or inefficient to farm; and
- c) The amount of good farmland retained with the surplus house is kept to a minimum size needed for residential purposes, taking into consideration environmental and topographic features; and
- d) The surplus residence is habitable and is not expected to be demolished by a future owner; and
- e) The Minimum Distance Separation formula will be met, and
- f) The vacant parcel of farmland is rezoned to prohibit a residential use.”

The intention of this policy is to allow farmers to reduce their costs of acquiring additional farm parcels, where the impact on existing and future farm operations can be kept to a minimum.”

ZONING BY-LAW

The subject lands are zoned Agricultural (A). There will be two site specific zones required on the subject lands. The first site specific will prohibit a dwelling on the 100.8 acre agricultural parcel and the second one will address the accessory structures on the 3.8 acre residential parcel.

Non-Complying Accessory Building and Barn

As a result of the severance, the residential dwelling would be considered the main use and the existing accessory structure would be reviewed under section 6.1 as accessory uses to a residential dwelling. In this case there are two drive sheds with floor area's of 3072 sq.ft. and 1200 sq.ft. Both exceed the allowable ground floor area of 1,000 sq. ft. per accessory structure (Section 6.1.4 ii).

Under the current by-law accessory structures are permitted to cover a maximum of 10% of the lot area, however the buildings cannot exceed 1000 sq.ft. each. Staff are currently undertaking a review of this and are proposing revisions to the wording. Consideration will be given to applying “sliding scale” criteria that would permit larger structures for larger parcels of land. In the meantime should Council chose to allow the drive sheds to remain a limit on further accessory structures should be included within the amending by-law.

I trust that these comments will be of assistance to Council in their consideration of this matter.

Sincerely,

Linda Redmond B.A.

GRCA COMMENT: *

The Grand River Conservation Authority has no objection to the proposal to amend the zoning of the property to restrict any future residential development on the agricultural portion of the property and to address the oversized sheds on the residential portion of the subject lands.

BACKGROUND:

1. Resource Issues:

Information currently available at this office indicates that the lands contain a tributary of the Conestogo River and an associated floodplain and are subject to Ontario Regulation 150/06 (Grand River Conservation Authority's Regulation of Development, Interference with Wetlands and Alterations to Shorelines and Watercourses).

2. Legislative/Policy Requirements and Implications:

Please be advised that any future development within the regulated areas will require prior written approval from the Grand River Conservation Authority.

Dear Mr. Jones:

**Re: Draft Zoning By-law Amendment
Cole – Pt Lot 10, Concession 7
8420 Line 6
Restrict Agricultural Land from Future Residential/oversized shed**

PLANNING OPINION

The zoning amendment is required as a condition of provisional consent (B145/11) by the Wellington County Land Division Committee. We have no objections to implementing this decision. Both the PPS and County Plan provide for surplus farm dwelling severances, provided the agricultural lands are rezoned to prohibit future residential dwellings. The intention of this policy is to allow farmers to reduce their costs of acquiring additional farm parcels where the impact on existing and future farm operations can be kept to a minimum.

The by-law will also address the drive shed (shop) on the residential parcel. It is not unusual to maintain an existing implement shed for storage as a result of a severance. In this case the applicants are requesting to keep a accessory shop with a floor area of 3200 sq. ft, 1000 sq.ft. is the maximum allowable. Given the size of the subject property and neighbouring agricultural lots the impact of the relief requested appears to be minor in nature, however, Council should be satisfied that the accessory building is intended for personal use and not for commercial purposes.

SUBJECT LAND

The subject land is legally described as Part of Lot 10, Concession 7, with a civic address of 8420 Line 6. The land is approximately 35 ha (86 acres) in size. and is occupied by a dwelling and two accessory structures.

PURPOSE

The purpose of the amendment is to rezone the subject lands to restrict any future residential development on the agricultural portion of the property and to address the oversized shed on the residential portion of the subject lands. This rezoning is a condition of severance application B145/11, that was granted provisional approval by the Wellington County Land Division Committee in April 2012. The consent will sever the existing farm dwelling and accessory buildings (3.15 ha (7.8 acres) from the remainder of the agricultural parcel (31.76 ha (78.5 acres). The property is currently zoned Agricultural site specific (A-75) to permit a propane tank refurbishing business and Natural Environment (NE).

PROVINCIAL POLICY STATEMENT (PPS)

The subject property is considered to be within a PRIME AGRICULTURAL area. Section 2.3.4.1(c) of the PPS provides consideration for the severance of a surplus residence, provided that new residential dwellings are prohibited on the remnant parcel of farmland.

WELLINGTON COUNTY OFFICIAL PLAN

The subject lands are designated PRIME AGRICULTURE. This application is required as a result of a severance application. Section 10.3.4 of the Official Plan implements the PPS and requires that the remnant parcel be rezoned to prohibit dwellings.

Section 10.3.4 of the Official Plan states:

"A severance may be considered for an existing residence that is surplus to a farming operation as a result of farm consolidation, provided that:

- a) The remaining vacant farmland is large enough to function as a significant part of the overall farm unit; and
- b) The result of removing the surplus dwelling from the farm does not render the remaining farmlands difficult or inefficient to farm; and
- c) The amount of good farmland retained with the surplus house is kept to a minimum size needed for residential purposes, taking into consideration environmental and topographic features; and
- d) The surplus residence is habitable and is not expected to be demolished by a future owner; and
- e) The Minimum Distance Separation formula will be met, and
- f) The vacant parcel of farmland is rezoned to prohibit a residential use."

The intention of this policy is to allow farmers to reduce their costs of acquiring additional farm parcels, where the impact on existing and future farm operations can be kept to a minimum."

ZONING BY-LAW

The subject lands are zoned Agricultural (A). There will be two site specific zones required on the subject lands. The first site specific will prohibit a dwelling on the 78.5 acre agricultural parcel and the second one will address the accessory structure on the 3.15 acre residential parcel.

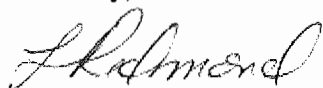

Non-Complying Accessory Building and Barn

As a result of the severance, the residential dwelling would be considered the main use and the existing accessory structure would be reviewed under section 6.1 as accessory uses to a residential dwelling. In this case there are two accessory structures a garage (432 sq.ft.) and shop (3200 sq.ft.). The garage will comply with the minimum required floor area of 1000 sq.ft. however the shop exceeds the maximum as per Section 6.1.4 ii.

Under the current by-law accessory structures are permitted to cover a maximum of 10% of the lot area, however the buildings cannot exceed 1000 sq.ft. each. Staff are currently undertaking a review of this and are proposing revisions to the wording. Consideration will be given to applying "sliding scale" criteria that would permit larger structures for larger parcels of land. In the meantime should Council chose to allow the drive shed to remain a limit on further accessory structures should be included within the amending by-law.

I trust that these comments will be of assistance to Council in their consideration of this matter.

Sincerely,

Linda Redmond B.A.
Planner

This rezoning is a condition of severance application B145/11, that was granted provisional approval by the Wellington County Land Division Committee in April 2012. The consent will sever the existing farm dwelling and accessory buildings (3.15 ha (7.8 acres)) from the remainder of the agricultural parcel (31.76 ha (78.5 acres)). The property is currently zoned Agricultural site specific (A-75) to permit a propane tank refurbishing business and Natural Environment (NE).

TWP. OF WELLINGTON NORTH

THE TOWNSHIP OF WELLINGTON NORTH

NOTICE OF A PUBLIC MEETING FOR AN AMENDMENT
TO THE WELLINGTON NORTH ZONING BY-LAW
And
NOTICE OF COMPLETE APPLICATION

TAKE NOTICE that the Council of the Corporation of the Township of Wellington North has received a complete application to consider a proposed amendment to the Comprehensive Zoning By-law 66-01, pursuant to Section 34 of the *Planning Act, R.S.O. 1990*, as amended.

PUBLIC MEETING Wellington North Council will consider this application at their meeting scheduled for:

Monday, May 28, 2012
Township of Wellington North Municipal Offices
Council Chambers
7490 Sideroad 7 West, Kenilworth
7:15 p.m.

THE LOCATION being rezoned is in Part of Lot 10, Concession 7, with a civic address of 8420 Line 6. The land is approximately 35 ha (86 acres) in size. [See map below]

THE PURPOSE AND EFFECT of the amendment is to rezone the subject lands to restrict any future residential development on the agricultural portion of the property and to address the oversized sheds on the residential portion of the subject lands. This rezoning is a condition of severance application B145/11, that was granted provisional approval by the Wellington County Land Division Committee in April 2012. The consent will sever the existing farm dwelling and accessory buildings (3.15 ha (7.8 acres) from the remainder of the agricultural parcel (31.76 ha (78.5 acres). The property is currently zoned Agricultural site specific (A-75) to permit a propane tank refurbishing business and Natural Environment (NE).

MAKING AN ORAL OR WRITTEN SUBMISSION

Any person or public body is entitled to attend the public meeting and make written or oral submissions in support of or in opposition to the proposed zoning by-law amendment. Written comments should be submitted to the Township Clerk at the address shown below.

If a person or public body does not make oral submissions at a public meeting or make written submissions to the Township of Wellington North before the by-law is passed, the person or public body is not entitled to appeal the decision of the Council of the Township of Wellington North to the Ontario Municipal Board.

If a person or public body does not make oral submissions at a public meeting, or make written submissions to the Township of Wellington North before the by-law is passed, the person or public body may not be added as a party to the hearing of an appeal before the Ontario Municipal Board unless, in the opinion of the Board, there are reasonable grounds to do so.

ADDITIONAL INFORMATION regarding this zoning amendment application is available for inspection at the Township of Wellington North Municipal Office, 7490 Sideroad 7 West in Kenilworth during regular office hours Monday to Friday.

RE: Application for Zoning By-law Amendment
Part of Lot 10, Concession 7, Township of Wellington North
8420 Line 6
Richard & Mabel Cole

GRCA COMMENT: *

The Grand River Conservation Authority has no objection to the proposal to amend the zoning of the property to restrict any future residential development on the agricultural portion of the property and to address the oversized sheds on the residential portion of the subject lands.

BACKGROUND:

1. Resource Issues:

Information currently available at this office indicates that the lands contain wetlands, a tributary of Four Mile Creek, an associated floodplain, steep slopes and allowances adjacent to these features. As such, the lands are subject to Ontario Regulation 150/06 (Grand River Conservation Authority's Regulation of Development, Interference with Wetlands and Alterations to Shorelines and Watercourses).

2. Legislative/Policy Requirements and Implications:

Please be advised that any future development within the regulated areas will require prior written approval from the Grand River Conservation Authority.
