Hi Linda!

I'm not sure who to direct this to...so redirect if needed...thanks!

The Mount Forest Agricultural Society is planning to hold the fair parade on Monday September 6<sup>th</sup> at noon. The proposed route is starting at the Firehall, south along main street, east along King Street into the Fairgrounds.

In the past, this has to be approved by Council, and the Police are then contacted.

Please let me know if this has changed.

Thanks!!

## REPORT

**TO: Lori Heinbuch CAO/Clerk**

**FROM: Gary Williamson MPW**

**DATE: August 4/10**

**RE: Arthur Effluent Holding Ponds**

---

As Council is aware, over the last several years we have been trying to address the sewage capacity issues in the Village of Arthur. Efforts have included meetings with MOE to extend our discharge period, in 2006 we completed a stress test of the plant to confirm capacity and since 2004 we have also been monitoring the Conestoga River quality to give us a baseline to work from should the MOE agree to extend our discharge period.

Even if we are able to get approval from MOE to extend the discharge period, the Township will ultimately need additional effluent holding ponds to increase long term sewage capacity and therefore future growth in Arthur. As of now, our current discharge period is Sept 16<sup>th</sup> – April 30<sup>th</sup> annually and virtually all available sewage capacity has been allocated to proposed developments within the Village.

At this time, I am pleased to inform Council that negotiations with the landowners have concluded with the agreement being presented to Council. This agreement will provide the opportunity for the Township to construct additional effluent holding ponds to support future growth in Arthur. The property being purchased is approximately 20 acres and is located beside the existing effluent ponds and should allow us to utilize the existing infrastructure connecting the current ponds to the sewage system.

Despite completing this purchase we are continuing to lobby MOE to support extending our discharge period which would in the short term be the most practical solution for the Township.

Accordingly the Purchase Price may vary upwards or downwards depending upon the acreage of the Property as determined by the Ontario Land Surveyor.
2. **The Property.** It is agreed and understood that the southerly boundary of the Property to be purchased is to be the extension easterly of the southerly boundary of the Purchaser's existing lands lying immediately West of the Property in the former Village of Arthur to form a line parallel with the northerly limit of the Vendors' existing lands and running to the easterly boundary of the Vendors' existing lands. It is agreed and understood that the Purchaser not only owns lands adjoining and lying West of the Property to be purchased but also owns lands adjoining and lying to the North of the Property to be purchased.
3. **Vendors' Right to Use Part of the Property.** It is agreed and understood that the Vendors shall have the right to use the southerly half more or less of the Property ("the South part of the Property") for hay or other crop purposes for a full period of ten (10) years from closing without rent or other payments and thereafter for up to a second ten (10) year period but only if the Purchaser has no other use related to effluent treatment that it determines it needs the South part of the Property for. If the Purchaser determines that it wishes to use the South half of the Property for its own purposes related to the treatment of effluent then the Vendors' use rights for all or the remainder of the second ten (10) year period shall immediately cease. The Vendors' use rights under this paragraph shall immediately cease if the Vendors or either of them are no longer the owners or is no longer the owner of the balance of their existing lands. It is agreed and understood that the survey may show a fourth part being the Purchaser's existing 30-foot wide easement over the Vendors' existing lands running from the easterly limit of the former Village of Arthur to the Conestoga River at the option of the Purchaser.

**COPY**

5. **Purchaser's Intended Use of the Property.** The Purchaser discloses and the Vendors acknowledge that the Purchaser intends to use the Property in conjunction with and for the expansion of its effluent treatment systems for the former Village of Arthur and that there are already there effluent holding ponds on the Purchaser's adjoining property in the former Village of Arthur and one to the North of the Property in the former Township of West Luther, and further that the Purchaser intends to construct a second effluent treatment pond in the former Township of West Luther on the northerly part of the Property being purchased as soon as possible.
6. **Zoning Change.** The Vendors acknowledge that it will be necessary for the Purchaser to apply for an amendment to the Township of Wellington North Zoning By-law to provide for its intended use of the Property and that the intended use in the near and the long term is the reason for the purchase of the Property by the Purchaser.
7. **Condition.** This Agreement is conditional for the benefit of the Purchaser upon the Council of The Corporation of the Township of Wellington North approving the Agreement and the purchase by by-law by 6:00 p.m. on August 10, 2010. If this condition is not satisfied then the deposit shall be returned to the Purchaser without interest or deduction. This condition shall be deemed to have been waived by the Purchaser upon the final passing of such authorizing by-law.
8. **Existing Topsoil Pile.** It is agreed and understood that there is an existing topsoil pile stored on the southerly part of the Property and extending into the lands to be retained by the Vendors. The Vendors shall retain ownership of the topsoil so stored and shall remove it from the southerly part of the Property no later than ten (10) years after the closing of this transaction. This paragraph shall not merge upon and shall survive closing of the transaction and remain binding upon the parties. The term "topsoil pile" means the topsoil placed in the past on top of the natural grade of the land.
9. **No Fencing Required.** The Vendors' represent that they will not require fencing of the southerly boundary of the Property, in whole or in part, and agree not to require the Purchaser to contribute to the cost of any fencing of that boundary should they later determine that they wish to have the boundary between the Property and their retained lands fenced. This paragraph shall not merge upon and shall survive closing of the transaction and remain binding upon the parties.
10. **No Severance Required.** It is agreed and understood that because the Purchaser is an Ontario municipality there is no requirement for a consent to severance under Section 50 of the *Planning Act* even though the Vendors will be dividing their existing lands by giving a deed to the Purchaser on the closing of the transaction.
11. **Legal Costs.** It is agreed and understood that the Purchaser will pay the legal costs (lawyer's fees and disbursements) for the preparation of this Offer to Purchase/Agreement of Purchase and Sale and if the Agreement is signed and the condition is satisfied the Purchaser will also pay its lawyer to prepare the authorizing by-law, and the deed and other usual closing documentation to be signed by the Vendors for closing, in addition to the Purchaser's documentation. The Vendors shall themselves pay the legal costs for any review of this Agreement by their lawyer independent of the Purchaser's lawyer (Deverell & Lemaich LLP) and any involvement on their behalf by their lawyer in facilitating the closing of the transaction.
12. **Mortgage Discharge.** It is understood by the parties that there is a mortgage registered on the title to the Vendors' property in favour of The Toronto-Dominion Bank (instrument number WC205563 registered on the 28<sup>th</sup> day of March, 2008) and the Vendors shall at their expense arrange for a registered discharge of the mortgage from the Property being purchased on or before the closing of the transaction or on terms acceptable to the Purchaser's lawyer.

On Thursday, July 22, 2010 at 9:30 AM.  
Cathy MORE advised me of a sheep  
kill at the Al VANLEEMPUT farm  
at Fire # 9241, County Rd. #6.

I was unable to attend until  
July 23, 2010.

I arrived at VANLEEMPUT farm at  
8:50 AM, Fri., July 23, 2010.

The killed lamb was owned by  
VANLEEMPUT's daughter, Angela SEIFRIED.

The kill took place in a pasture field  
on east side of the barn. I had advised  
Mrs SEIFRIED bring canvas up to barn  
yard which she did.

Kill area was grassy area. No tracks  
present.

I viewed the carcass which was on a wagon. There were puncture wounds on the throat and the abdomen was ripped open.

Very little of carcass was eaten.

Owner had put flock out in the field at 9:00 AM, on July 21, 2010 &

they found carcass in the afternoon.

They see coyotes in their fields all the time & scare them off when possible.

Weather on July 21, 2010, Partly Cloudy & hot.

Total of my time - 2.5 hours

Total kms - 34.7 km
