To all Municipalities with a permanent population of 10,000 or less:

**RE: Request for the Province of Ontario to step in and abolish OPP
new Billing model for Police Services**

At a regular meeting of the Township of Seguin Council held November 18th, 2013 Resolution No. 2013-391 was passed opposing the proposed Ontario Provincial Police new billing model for charging municipalities for policing services starting in 2015.

I enclose a copy of Resolution No. 2013-391 which requests the assistance of the Province of Ontario and Premier Wynne to abolish the proposed billing model.

Yours truly,

David Conn,
Mayor

Resolution No. 2013-391

**The Corporation of
the Township of Seguin**

Moved by *R. Lee*

Seconded by *B. J. Baker* Date November 18th, 2013

WHEREAS, the Ontario Provincial Police are proposing a new billing model for charging municipalities for policing services, starting in 2015;

AND WHEREAS, the current billing model is a deployment model, in which cost recovery is based on percentage of detachment workload, actual detachment staffing levels, wages and benefits, and a cost recovery component for other expenditures, which model has been in place for over 15 years;

AND WHEREAS, the new methodology would charge each municipality a flat \$260 per household fee for the base costs related to providing police services, plus a variable charge for each call for service in that municipality. The rationale for this is that there is a base fixed cost for providing police services that must be borne by all participating municipalities, regardless of the number of calls for service that the OPP responds to in each municipality. The OPP have advised that 73% of their costs are fixed (i.e. base costs) and 27% are variable;

AND WHEREAS, the actual specifics of the cost for the calls for service have not been released or calculated, the OPP has estimated that the average cost per household in Ontario for policing services, including both the base cost and the calls for service, would be approximately \$369;

AND WHEREAS, this model would see the OPP costs for West Parry Sound municipalities increase from \$3,412,189 (per 2012 FIR) to \$6,537,204, an increase of \$3,125,015 or 92%;

AND WHEREAS, this model would see OPP costs increase for Seguin Township from \$592,659 (per 2012 FIR) to \$1,759,392, an increase of \$1,166,733 or 197%;

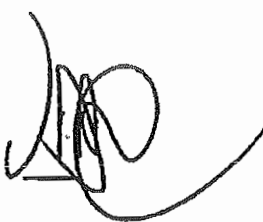

AND WHEREAS, this model is fundamentally flawed, unfair and inequitable.

THEREFORE BE IT RESOLVED THAT the Province of Ontario and Premier Wynne cannot allow this type of unfair treatment towards rural Ontario, and this funding

model be scrapped immediately.

AND FURTHER THAT this resolution be forwarded to The Honourable Kathleen Wynne, Premier of Ontario, The Honourable Madeleine Meilleur, Minister of Community Safety & Correctional Services, The Honourable John Gerretsen, Attorney General of Ontario, Federation of Northern Ontario Municipalities (FONOM), Association of Municipalities of Ontario (AMO), and all rural Ontario municipalities with a permanent population of 10,000 or less.

Wellington County Active Transportation Plan 2013 Year In Review Report

To: Wellington County Councils
 From: Karen Armstrong, Vice-Chair
 Re: Active Transportation Plan Update
 Date: Wednesday, November 6, 2013

The Wellington County Active Transportation Plan is a long-term strategy to create a pedestrian and cycling supportive environment in the County. In 2010 County Council agreed to participate in the development of a County-wide Active Transportation Plan in partnership with seven municipalities, Wellington-Dufferin-Guelph Public Health, the City of Guelph, Wellington-Dufferin-Guelph *in motion* and the Province. The Plan was approved in 2012.

Since the approval of the Plan in late 2012, the following steps have been taken:

- A grant was received to develop a “family of trail signs” design standards. The templates were designed to ensure a consistent look across the County, yet offer municipalities the ability to profile their municipal logos. This was developed with residents and tourists in mind. The work was completed and the document has been sent to all recreation departments in Wellington County. The grant covered all costs.
- A second grant was successful and MMM Group is developing an interpretive signage template as well as one interpretive sign for a trail in each of the 7 municipalities. The work will be completed by December 31, 2013. Again, all costs are covered by the grant.
- A regional trails and tourism forum was held at the Wellington County Museum and Archives on September 19, 2013. The keynote speakers were Route Verte Quebec and the Waterfront Regeneration Trust. The purpose of the forum was to understand the strong economic impact trails have on municipalities and how to capture local information to build the case for grants. The forum highlighted work in Wellington County, with Public Health and Centre Wellington Township showcasing the trails audit and the availability of trail counters to municipalities/trails groups across the region. Over 95 people attended the Forum.
- I attended the Government of Ontario “Strengthening the Ontario Trails Strategy” stakeholder consultation in Ingersoll on November 19, 2013. The purpose was to identify local needs. The priorities of our region were brought forward including: the need for infrastructure funding, changing provincial legislation to reduce liability concerns, changing the Ontario Highway Traffic Act to remove the definition of bicycles as motorized vehicles, and the need for consistent provincial trail standards and support. Other representatives from Wellington County also attended.

Sincerely,

Karen Armstrong, BA, MA, DPH
