

RETAIN COMPLETED FORM - DO NOT SEND TO THE MINISTRY

Part 1 - Environmental Compliance Approval Number

(Insert the Environmental Compliance Approval number authorizing the alteration for equipment discharging emissions to the air)

Part 2 - Description of alteration for equipment discharging emissions to the air (Use attachments if required)

The description shall include:

- 1) A brief description above of the undertaking (e.g. street name(s); subdivision name; project name); and
- 2) An attachment including a plan view drawing identifying at a minimum:
 - a) location(s) of the undertaking (e.g. showing street names, easements, discharge points, etc.); and
 - b) the location of the stack or vent discharging to the atmosphere.

Part 3 - Verification by Licensed Engineering Practitioner

I hereby verify that I am a Licensed Engineering Practitioner who is licensed to practice in the Province of Ontario and the design of the alteration for equipment discharging emissions to the air:

- 1) The alteration of equipment discharging a contaminant of concern to the atmosphere described in Part 2 of this form meets the requirements of the conditions of the ECA identified in Part 1 which authorizes the alteration;
- 2) Where required, an Emission Summary Table was prepared by a Licensed Engineering Practitioner who is licensed to practice in the Province of Ontario; and
- 3) I am authorized by the owner to complete this verification.

Part 4 - Verification by Owner

I hereby verify that:

- 1) The alteration of equipment discharging a contaminant of concern to the atmosphere described in Part 2 of this form meets the requirements of the conditions of the ECA identified in Part 1 of this form which authorizes the alteration;
- 2) The alterations only pertain to emergency generators or venting for odour control;
- 3) All reasonable measures will be undertaken to minimize odorous emissions and odour impacts from all potential sources at the Facility;
- 4) The noise emissions from the generator comply with the limits set out in Publication NPC-300;
- 5) The vibration emissions from the generator comply with the limits set out in Publication NPC-207;
- 6) The alterations pertains to an activity that is directly related to municipal sewage collection and transmission;
- 7) Emergency generators shall not be used for non-emergency purposes (excluding generator testing) including the generation of electricity for sale or for peak shaving purposes;
- 8) The owner consents to the alteration for equipment discharging emissions to the air; and
- 9) I am an authorized representative of the owner to complete this verification.
