

## Notice: No Overnight Parking

As per the Winter Parking By-law, overnight parking is strictly prohibited on all roadways and municipal lots.

### **Why this rule exists:**

Overnight parking during winter months interferes with snow removal and road maintenance, creating unsafe conditions for drivers and pedestrians. It also prevents emergency services from accessing roads efficiently.

**If you are parked on a roadway or municipal lot anywhere in Wellington North, please be aware of the following consequences:**

- You may receive an **Infraction Notice from the Township**
- **Police** will be contacted
- Vehicles may be **ticketed** and/or your **vehicle towed at your expense**

Thank you for your cooperation in keeping our roads safe and accessible during winter conditions.
