RE: TOWNSHIP OF WELLINGTON NORTH
RECONSTRUCTION OF CLARKE ST, ARTHUR
OUR FILE: M5986D

Dear Resident:

Consistent with the Notice of Construction, the Reconstruction of Clarke St includes the replacement of sanitary sewer, storm sewer, watermain, and roadway, including new curb and gutter, and sidewalk on the west side of the street (i.e., odd house numbers excluding House No. 181 Walton St).

We would like to advise you that curb installation is scheduled for Friday October 2nd and Saturday October 3rd. In order to accommodate this work, the Township's Contractor requires all vehicles to be out of driveways and off the street by 7:00 AM on Friday October 2nd. Vehicles can park on the street after the Contractor has left the site for the night on Friday October 3rd; however, must be moved off the street (outside of the construction limits) before 7:00 AM on Saturday October 3rd. Vehicles can return to parking on the street after the Contractor completes their work on Saturday October 3rd and must continue parking on the street until Wednesday October 7th, when vehicles can return to parking in their driveways on the east side of the street (i.e., even house numbers and House No. 181 Walton St).

Sidewalk installation (west side of the street) is scheduled for Monday October 5th through Wednesday October 7th. Therefore, vehicles on the west side of the street should continue parking on the street during until they can return to parking in their driveways on Saturday October 10th.

Asphalt roadway and driveway installations are scheduled for the week of October 13th, which will require vehicles to park outside of the construction limits until this work is completed.

Should you have any questions or concerns at this time or during the construction, please contact either our Site Inspector, the Township or the Contractor as noted below.

Shaun Smith
Site Inspector
Triton Engineering Services Ltd
519-843-3920 Ext. 248

Mary Donnelly
Contractor
Thoume Construction Ltd.
